MRUNAL KJ

OVERVIEW

Working Currently as a Software Engineer in Novac Technology Solutions. Aiming to leverage proven communication and creative thinking skills besides being a reliable source of novel ideas, to successfully fill up a role related to my chosen field of academic endeavor assigned to me by your company. Frequently praised as efficient and trustworthy by my peers. I could be relied upon to help your company to accomplish the desired goals.

PROFESSIONAL EXPERIENCE

Software Engineer

Jul '22 - Present

NOVAC Technology Solutions

Mylapore,Ch-600004

Domain: Banking And Finance

Experience: 2 Years

Achievements: Received Star Of the Month Achievement Award (Jan 2023, Feb 2024)

Experience

Jul '23 - Present

Project Name: Shriram Transport Finance Limited

Summary: Experienced .NET developer having an immense focus on building robust lending modules. Also Skilled in designing and implementing loan origination systems, repayment schedules, and tracking mechanisms. Proficient in C#, ASP.NET, and SQL Server, with a deep understanding of financial concepts and regulations. Well versed in Adapting and collaborating with cross functional teams to deliver high-quality, secure, and scalable lending solutions.

ROLE: Software Development Which includes Gathering detailed requirements for each module, including specific features, integration points, and user roles. Also includes Designing database schema for each module, ensuring that it can store the necessary data and proficient in providing valid support for the required functionality.

- C# and ASP.NET are used to develop the backend logic for each module. Implementation features such as expense tracking and approval for Expense module, settlement processing for the Settlement module, payment collection and reconciliation for the Collection module, and logistics management for the Logistics module.
- Develop user interfaces for each module using HTML, CSS, and JavaScript. Ensure that the interfaces are intuitive and user-friendly, providing easy access to the module's functionality.
- Integrate the modules with each other and with external systems as needed. Ensure that data flows smoothly between the modules and that they work together seamlessly.
- Perform thorough testing of each module to ensure that it meets the functional and performance requirements. Use unit testing frameworks to automate testing wherever possible.
- Deploy the modules to a production environment, ensuring that they are scalable and secure. Monitor the modules in production to identify and resolve any issues that arise. Provide ongoing maintenance and support for the modules, including bug fixes, updates, and user assistance.

EDUCATION

MCA

Dec '20 - Jun '22

MGR University

Maduravoyil, ch-600095

Pursued MCA from MGR University

8.4 (CGPA)

BCA (Bachelor of Computer Applications)

Madras University

Pursued BCA from DRBCCC Hindu College

74%

Higher Secondary

State Board Of Tamil Nadu

Pursued 12th From ST Johns Matriculation School

71.41%

Secondary

Central Board Of Secondary Education (CBSE)

Pursued 10th from Kendriya Vidyalaya

8.2 (CGPA)

Professional Certificates

Accord Info Matrix

Accredited from IAO (International Accreditation Organization)

JAVA and DOTNET Technology

Python Certification

Guvi Geek Centre

Python

Internship:

Pantech solutions

Machine Learning.

TOOLS KNOWN

- Visual Studio
- VS Code
- Git Hub
- IIS (Internet Information Services)
- Microsoft SQL Server

TECHNICAL SKILLS

C#

ASP .NET

HTML, CSS, JAVASCRIPT

SQL

UNIT TESTING

LANGUAGES KNOWN

English

Hindi

Malayalam

Tamil

EXTRACURRICULAR ACTIVITIES

Singing

Cricket

Jogging

Reading

Playing Musical Instruments

Writing
